GET CREATIVE

Pub crawls are quick & easy to advertise. Set up your EventBrite page, make a poster, spread the word on social media & with friends. Pro tip: have a costumed event with prizes for the best costume or pick bars with a theme. Be sure to take plenty of photos & share the fun with us!

When planning your pub crawl, it's important to make sure everyone gets home safe. Ensure the first & last bars are near public transport. At the first bar check ID's, collect tickets & hand out wristbands to identify your group. Don't forget to plan food stops along the way.

SAFETY FIRST

AT THE END OF THE DAY
